1. Education:

Qualification	Graduation	Institution	Grade
Masters in Anatomy	2017	Gaziantep University, Gaziantep, Turkey	A + (GPA 3.9/4)
MBBS	2010	Fatima Jinnah Medical College, Lahore	A
HSCC	2003	Frontier College for Women, Peshawar	A
SSC	2001	Warsak Model School, Peshawar	A-1

2. Professional Experience:

Job title	Duration	Organization
Lecturer Anatomy Department	February 2023 - to date	Ibn Sina University for Medical Sciences
<u>Roles and responsibilities:</u> As lecturer, I was responsible for teaching and training students on key concepts and topics in human anatomy. I was responsible for teaching students in the lab with the help of cadavers, plastinated bodies, specimens of different organs and other body parts, models, and bones. I facilitated the students to develop practical understanding of classroom lectures.		
Lecturer Anatomy Department	Session February to June 2022	The University of Jordan, School of Medicine
<u>Roles and responsibilities:</u> As lecturer, I was responsible for teaching and training students on key concepts and topics in human anatomy. I was responsible for teaching students in the lab with the help of cadavers, plastinated bodies, specimens of different organs and other body parts, models, and bones. I facilitated the students to develop practical understanding of classroom lectures.		
Medical Officer	10-09-2014 to 10-09-2015	Hamza Medical Center, Warsak Road Peshawar
<u>Roles and responsibilities:</u> As MO, I was responsible for providing medical consultation and maintaining the oral rehydration therapy corner in a privately owned medical center with an approximate daily OPD of over 200 patients. I was supervising paramedical staff and managing day to day consultation under supervision of the head of medical center.		
Trainee Medical Officer	01-02-2014 to 03-05-2014	North West General Hospital, Peshawar.
<u>Roles and responsibilities:</u>		

As a trainee medical officer in Pediatric medicine, I performed clinical duties in the Pediatric ward, nursery, Pediatric ICU, and outpatient department on regular basis. This includes consultations with patients, history taking and examination, admission and discharge procedures, neonatal care and resuscitation and other minor procedures involving in-patient care.

Job title	Duration	Organization
<i>Medical Officer</i>	15-06-2011 to 15-06-2012	Hamza Medical Center, Warsak Road Peshawar

Roles and responsibilities:

As MO, I was responsible for providing OPD and ORT care services in this privately owned medical center with an approximate daily OPD of over 200 patients.

Job title	Duration	Organization
<i>Senior House Officer</i>	01-12-2010 to 31-5-2011	Surgery and allied discipline, Khyber Teaching Hospital, Peshawar

Roles and responsibilities:

I worked as resident house officer in surgery and allied disciplines where I polished my clinical skills and performed patient consultations, diagnosis, and treatment. Working as a full-time resident in surgical discipline, I attended OPD, daily ward rounds, and independently performed patient consultation and minor surgical procedures. Apart from clinical skills I gained firsthand experience of monitoring mechanisms established in government hospitals and enhanced my understanding of record keeping, planning and hospital unit management. I also improved my coordination skills by ensuring follow up of referred patients in various other specialties in a large tertiary care health facility. I regularly participated in disease surveillance, case reporting and presentation of medical and surgical cases of public health interest. I also gained an insight in procedures and operations of diagnostic facilities in a large tertiary care hospital.

Job title	Duration	Organization
<i>Junior House Officer</i>	01-06-2010 to 30-11-2010	Medical and allied discipline, Khyber Teaching Hospital, Peshawar

Roles and responsibilities:

I worked as resident house officer in medical and allied disciplines where I learnt a great deal of putting theory into practice and I performed patient consultations, diagnosis, and treatment. I attended OPD, daily ward rounds, and independently performed patient consultation. I regularly participated in disease surveillance, case reporting and presentation of medical and surgical cases of public health interest. I also gained an insight into procedures and operations of diagnostic facilities in a large tertiary care hospital. I regularly participated in disease surveillance, case reporting and presentation of medical and surgical cases of public health interest. I also gained an insight in procedures and operations of diagnostic facilities in a large tertiary care hospital.
