

## **Curriculum Vitae (CV) for Faculty Staff**

### **Personal statement:**

I am a dedicated academic and researcher in the field of Medical Microbiology and Immunology with over a decade of teaching, clinical, and research experience. My work spans infection control, clinical microbiology, molecular biology, and immunology, with a strong focus on advancing medical education and patient safety. I have contributed to international publications, conferences, and academic programs, while also mentoring medical and dental students in Egypt and Jordan. My teaching experience spans undergraduate and postgraduate levels, where I strive to inspire future healthcare professionals with the latest scientific knowledge and practical skills. I am committed to continuous professional development, as reflected in my participation in international conferences, training courses, and committee work focused on infection control and laboratory quality. My goal is to foster innovation and collaboration in medical microbiology, ultimately contributing to safer healthcare environments and better public health. Also, Passionate about innovation, I integrate modern technologies, AI tools, and interactive learning strategies to enhance medical education and scientific research.

2. Education			
Date	Issuing institute	Field	Degree
2021	Mansoura University, Egypt	Medical Microbiology and Immunology	PhD
2017	Mansoura University, Egypt	Medical Microbiology and Immunology	Master
Nov 2011	Mansoura University, Egypt	Medicine & Surgery	M.B.B.Ch.

3. Specialization and area of interest	
<b>General</b>	Medical Microbiology and Immunology
<b>Focus area</b>	Clinical Microbiology, Medical Bacteriology, Molecular Biology, Infection Control, Immunotherapy

4. Professional experience	
Position	Date
Rotating Internship, Hospitals of Mansoura University	2012-2013
General Practitioner, Ministry of Health Hospitals, Egypt	2013
Demonstrator, Medical Microbiology and Immunology, Mansoura University	2013-2017
Assistant Lecturer, Medical Microbiology and Immunology, Mansoura University	2017-2021
Lecturer, Medical Microbiology and Immunology, Mansoura University	2021-present
Lecturer, Medical Microbiology and Immunology, New Mansoura University	2023-2024
Assistant Professor, Medical Microbiology and Immunology, Ibn Sina University for Medical Sciences, Jordan	2024-present:

5. Research Experience
PhD Thesis: Neutrophil gelatinase-associated lipocalin as an indicator of inflammation and infection in liver cirrhosis.
Master Thesis: Diagnostic and prognostic validity of soluble triggering receptor expressed on myeloid Cell -1 (sTREM-1) in late onset neonatal sepsis.

#### 11. Awards and Honors

<b>Name</b>	<b>Date</b>	<b>Issuing Authority</b>
<b>Ideal Doctor at the National Level</b>	Aug 2021	Egyptian Medical Syndicate
<b>Appreciation Certificate – Recognition of Efforts in Infection Control Practice (Emergency Hospital)</b>	2017	Mansoura University – Emergency Hospital
<b>Appreciation Certificate – Recognition of Efforts in Infection Control Practice (New Medical Centers)</b>	2021	Mansoura University – New Medical Centers
<b>Appreciation Certificate – Best Story, Training Course “Catch Cancer Before It Catches You”</b>	7 Apr – 7 May 2012	Oncology Center, Mansoura University (OCMU)
<b>Appreciation Certificate – Graduation from Faculty of Medicine</b>	2011	Dakahlia Medical Syndicate

## 12. Other skills

### Learning Management Systems & Online Teaching:

- Proficient in Moodle, Qmans, and other LMS platforms.
- Experienced in interacting with students via Microsoft Teams, and Moodle for online learning and continuous follow-up.
- Coordinating E-portfolio activities for third-year students in the Mansoura Manchester program.
- Recording and uploading curriculum and practical courses for undergraduate and postgraduate students during COVID-19 pandemic.
- Conducting lectures, practical sessions, and assessments (quizzes, practical exams, electronic correction of theoretical papers) across multiple faculties, including Medicine, Dentistry, Nursing, and Applied Health Sciences.
- Knowledgeable in integrating AI tools in teaching.

### Curriculum & Academic Coordination:

- Making, Revising and modifying course specifications according to competencies.
- Experience in creating program and course specifications, EPAs, and milestones for postgraduate Master's programs in Medical Microbiology and Immunology.
- Academic advising for first- and second-year students in both Mansoura Integrated , Mansoura Manchester medical programs, New Mansoura university and Ibn Sina University for medical sciences.
- Tutoring PBL and CBL sessions for level 1 and 2 students

### Technical & Research Tools:

- Microsoft Office, ICDL certified.
- Statistical analysis using SPSS.
- Reference management tools: Endnote, Zotero, Mendeley.
- Presentation tools: Canva, Genial.ly.
- Scientific illustration and visualization: BioRender
